DETAILED ACTION

1. This action is in response to applicant's amendment received on March 5, 2008.
2. Applicant's cancellation of claims 2, 3, 13 and 16-24 is acknowledged.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

A method of making product wraps, comprising the steps of, among others, generating a second notch, establishing at least one indentation, intersecting transversely each first notch; the second notch coinciding with the dividing line to create a projection on an opposite longitudinal edge of each leaf that projects beyond the dividing line, the projection being divided into two transverse portions by the first notch which longitudinally extends along the projection itself, the first notch being limited in length so as not to extend longitudinally beyond the respective second adhesive bands and thereby intrude in a substantially centrally located product placement zone positioned between the second adhesive bands and the first adhesive bands of each leaf. The combination as set forth in the claims are not disclosed, taught, or suggested in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
